

Ray's Market Bike rack caption

Ray's Market Manager Marty Stryker added a service beside the store's northside parking lot in Fall River Mills. Healthy Shasta donated the really nice art piece masquerading as a bike rack. Bill Johnson and Bill Campbell (wearing hat), Burney-Fall River Bicycle Association members, installed the rack. Shasta County Health and Human Services Department donated three racks to the Intermountain Area. A second Fall River Mills bike rack will be installed closer to the community's business center in the near future. Burney rack is located at Safeway.
